TA-7530 | PowerHub™ with USB, New Trims

This compact and attractive product puts two additional power outlets, and two USB charging ports right at your guest's fingertips. Or, add any of our MediaHub™ products to the PowerHub and create the MediaHub Extender™, a guest entertainment connectivity panel with additional power ports. It's the perfect solution for plugging in today's hotel guest.

Build the PowerHub flush into casegoods or millwork (furniture build-ins).

- Provides guests with four easy-to-find charging outlets.
- Uniquely designed for installing flush into furniture, millwork or case goods.
- Two AC outlets and two USB device charging ports.
- High-current/fast-charging USB port supports wide range of portable devices including smartphones and tablets that require higher USB charging current.
- Available in US, UK, EU and Universal plug configurations.
- Engineered for safety with 10-Amp integrated circuit breaker.
- Includes Metallic Charcoal and Rubberized Black Trim options.
- Add to any MediaHub entertainment panel to create an all-in-one multimedia connectivity station.
- The most attractive way to place power where guests need it most.
